Julie A. Simer, Esq., Joins ECG

March 20, 2008

Irvine-based Enterprise Counsel Group, A Law Corporation, (ECG) proudly announces the further expansion of its health care practice with the addition of Julie A. Simer. Ms. Simer, a former attorney in Tenet Healthcare's legal department, is a 1986 Drake Law School graduate. She comes to ECG with more than 20 years experience and is licensed in California and Arizona.

“Julie represents hospitals, physicians, medical device manufacturers, durable medical equipment suppliers ... you name it. She is a genuine expert with in-depth understanding of the manifold State and federal regulations governing the medical field. She is also one of the few lawyers in California who really understands how medical

professionals get paid and, more importantly, why some do not,” says ECG managing partner, David A. Robinson.

Julie currently represents several multi-hospital systems operating in California, Nevada and Arizona.

ECG is a business law firm dedicated to delivering legal services of the highest caliber in all engagements. The firm provides and implements innovative, practical and cost-effective solutions.
